

## BUSINESS PROBLEM

When users are needing to connect their handheld or cradle to the internet and Wi-Fi is either not an option or a security concern.

daptaPort™ desktop **PSA1U1E \$89.00**

daptaPort™ Extend Temperature Range **PSA1U1E-ETR \$99.00**

daptaPort™ rugged **PSA1U1E-E \$119.00**

daptaPort™ micro rugged for Android **PSA1uB1E-E \$119.00**

daptaPort™ Host USB to Ethernet **PSA1UH1E \$149.00**

daptaPort™ desktop USB to Modem **PSA1U1M \$59.00**

### VALUE PROPOSITION

- Extensive driver support for all versions of Windows desktop including CE, WEHH, Mobile and Android OS
- Tens of thousands in use worldwide.
- Backed by industry leading 3 year warranty
- Ethernet and concurrent charging options for Android
- USB Type-C to Gigabit Ethernet coming soon

### FEATURES

- Durable versions for desktop and harsh environments
- Standard USB and Ethernet connectors without the need for extra drivers in most cases
- daptaPort & daptaPort micro are self-powered drawing less than 100mW of power

## daptaPort™ USB to Ethernet adapters

### daptaPort™ desktop

- Designed for desktop use
- Adapts most USB cradles and Windows based devices with USB capabilities to wired 10/100 Ethernet

### daptaPort™ Extended Temperature Range

- For use in wide temperature ranging environments
- Designed with components rated for use from temperatures ranging from -35C to 70C
- Same mechanicals as daptaPort desktop

### daptaPort™ host

- Connects most older Windows CE and Mobile devices requiring a USB host interface to wired Ethernet
- 5V and 12V pass through to power cradle or handheld

### daptaPort™ rugged

- Ruggedized body for harsh environments
- Adapts most USB cradles and Windows based devices with USB capabilities to wired 10/100 Ethernet

### daptaPort™ rugged micro for Android

- Ruggedized body for harsh environments
- Connects most Android tablets and Android handhelds with micro USB to wired 10/100 Ethernet

### daptaPort™ modem

- USB to modem support for handhelds or cradles requiring connections to a standard telephone line

### Certifications

- Certified for use in North America, Europe, Australia, New Zealand and Japan
